## HIGHER EDUCATION IN OKLAHOMA

Nearly **200,000** students enrolled annually

Over **38,000** degrees and certificates awarded at all levels in the last academic year, and an increase of **more than 6%** over the last decade

Associate and bachelor's degree holders earn a median income **25% and 75% higher**, respectively, than those with only a high school diploma.

Data from the National Center for Education Statistics show the cost of attendance at Oklahoma universities is **among the lowest in the nation**.

Over the last decade, STEM degrees **increased 22%** at all levels.

Our students learn here, earn here — **over 93%** of Oklahomans who graduate from a state system college or university remain and work in the state one year after graduation.

Only **28.5%** of Oklahoma citizens hold a bachelor's degree or higher. The national average is nearly 36%, and of our surrounding states — including Arkansas, New Mexico, Missouri, Texas, Kansas and Colorado — only Arkansas has a lower percentage of citizens with a bachelor's degree or higher.

Of Oklahoma's 100 critical occupations, the **top 22** highest-paying jobs require an associate degree or higher, and eight of the **top 10** fastest-growing jobs require a college degree.
