WHAT'S YOUR PLAN FOR COLLEGE?

Right now, college probably seems a million miles away. But NOW is the best time to start making plans for what happens after high school. You don't have to make any big decisions yet, but the sooner you start thinking about what you're interested in doing for a living, the easier your choices will be later. Where are you headed after graduation? What do you have to do to get there?

Don't know where to start? You're not alone! Read this booklet for some good ideas about how to begin your journey. Then talk to your family and school counselor about your plan for college.

WHAT'S IN IT FOR YOU?

- ▶ You'll have the time to explore your interests, discover things you didn't know and set new goals.
- ▶ College is fun! You'll meet interesting people and make new friends.
- ▶ You'll learn how to learn — how to think critically, solve problems and develop new skills.
- ▶ A degree can take you out of a minimum-wage job and into a good-paying career you enjoy. Studies prove it: Continue your education after high school, and you're likely to make more money and enjoy a better life.

OKcollegestart.org is the official source for planning a college education in Oklahoma and offers interactive tools to help you prepare and pay for college and explore careers. The website provides information about admission requirements, financial aid and scholarships, college costs and more. You can search by keywords and receive personalized results to compare colleges.

LET'S TALK MONEY

WITHOUT A DEGREE

Let's say you decide to skip college and take a job as a data entry keyer. You'll get paid about \$18 an hour, which is approximately \$3,043 a month or \$29,859 per year in take-home pay.

GROSS PAY

\$3,043 per month

Less taxes, Social Security and Medicare

TAKE-HOME PAY

\$2,488 per month

WITH A DEGREE

Now let's say you take the time to explore careers, go that extra mile and graduate from college with a degree in computer programming. As a computer programmer, you'll make about \$54 an hour. That's \$9,281 a month or \$80,594 per year in take-home pay.

GROSS PAY

\$9,281 per month

Less taxes, Social Security and Medicare

TAKE-HOME PAY

\$6,716 per month

THE MORE YOU LEARN, THE MORE YOU CAN EARN

In fact, national data show that someone with a bachelor's degree earns a median income nearly 60% higher than someone with just a high school diploma. That makes a huge impact on your monthly paycheck and can help you afford the lifestyle you want.

WHAT A DIFFERENCE A DEGREE MAKES

ASSOCIATE OR BACHELOR'S DEGREE	MODERATE ON-THE-JOB EXPERIENCE
Computer Programmer \$53.54 per hour	Data Entry Keyer \$17.56 per hour
Architect or Engineer \$45.79 per hour	Construction Laborer \$20.58 per hour
Veterinarian \$58.96 per hour	Veterinary Assistant \$15.47 per hour
Detective/Criminal Investigator \$40.31 per hour	Security Guard \$19.47 per hour
Education and Childcare Administrators, Preschool and Daycare \$24.47 per hour	Child Care Worker \$13.20 per hour
Registered Nurse \$41.25 per hour	Nursing Assistant \$16.78 per hour
