# WHAT'S YOUR PLAN FOR COLLEGE?

Right now, college probably seems a million miles away. But NOW is the best time to start making plans for what happens after high school. You don't have to make any big decisions yet, but the sooner you start thinking about what you're interested in doing for a living, the easier your choices will be later. Where are you headed after graduation? What do you have to do to get there? Don't know where to start? You're not alone! Read this booklet for some good ideas about how to begin your journey. Then talk to your family and school counselor about your plan for college.

## WHAT'S IN IT FOR YOU?

- You'll have the time to explore your interests, discover things you didn't know and set new goals.
- College is fun! You'll meet interesting people and make new friends.
- You'll learn how to learn — how to think critically, solve problems and develop new skills.
- A degree can take you out of a minimum-wage job and into a good-paying career you enjoy. Studies prove it: Continue your education after high school, and you're likely to make more money and enjoy a better life.

To learn more, visit [OKcollegestart.org](http://OKcollegestart.org) and ask your high school counselor what options are available at your school.

For more information about admission requirements for first-time entering students at Oklahoma public colleges and universities, visit [OKcollegestart.org](http://OKcollegestart.org), talk to your school counselor or check with the college(s) you want to attend.
